

Feet First Coffins Price Book 2025

At Feet First Coffins our clients are guaranteed a bespoke service, our coffins & caskets are made only using timber that comes from the same tree and are crafted for the individual, rather than mass produced and pulled off of a rack in a warehouse.

All of our materials are from renewable sources where we know many of the suppliers personally, our Timber is cut and dried locally from a renewable source here in the UK. The Natural Organic Beeswax we make is sourced from local beekeepers, locally sourced organic meadow hay is used to stuff the Fair-Trade organic natural cotton base liner.

All of our builds meet The Institute of Cemetery & Cremation Management (ICCM) regulations & standards.

Eco-Casket standard build: £630.00

Eco-Casket Recessed lid option: £640.00

The Devonshire Eco-Casket: £680.00

Feet First Coffins Price Book 2025

Traditional Eco-Toe-Pinch Coffin: £660.00

Ashes Casket: £60.00

Ashes caskets can be ordered with any of our coffins and caskets and are made from the same timber used to make the coffin, which is to keep the continuity and connection of builds.

Feet First Coffins Price Book 2025

All our Coffins & Caskets come ready to use as standard with a flat base & smooth sanded finish, rope handles and a natural fair-trade cotton base liner that is stuffed with locally grown organic meadow hay, we will also cut the name details into the lid upon request at no extra charge, all builds are ICCM (The Institute of Cemetery & Cremation Management) compliant and suitable for either burial or cremation.
